

# SAFETY IS IN YOUR HANDS

I will understand  
all the risks to my  
hands before  
I start work

I will wear  
the correct  
hand protection  
provided

I will take care of my  
hands at all times  
when working and  
not take chances

I will ensure  
the cleanliness  
of my hands  
after work and  
before eating

I will invoke  
the stop work  
authority for any  
unsafe practices or  
for lack of planning
